Ford Gives \$500 Million to Hospitals, Colleges

Recipients Hail Contributions By Foundation

Funds Will Be Distributed During Next 18 Months

NEW YORK (AP) — The Ford Foundation made plans today to distribute a record 500 million dollars to 4,157 colleges and hospitals and recipients hailed the grants as a tremendous contribution to the progress of medicine and education.

Secretary of Education Marien B. Folsom said the funds — the largest in the history of philanthropy — would "contribute significantly to the well-being of the American people."

Surgeon General Leonard A. Scheele said the hospital and medical school contributions would "result in improvements in medical care for persons in all parts of the country."

Privately supported colleges listed for sizeable contributions were particularly strong in their praise of a provision which would make possible considerable salary increases for professors.

Chancellor Henry T. Heald of New York University said "this tremendous gift to American colleges and universities is the greatest thing that has ever happened in educational philanthropy."

New York University received the largest educational grant—five million dollars.

The grants are sufficient to give an estimated 4 per cent salary increase to every teacher in every private four-year college in the nation. Colleges which use the grants exclusively for salary increases might be able to give professors increases as high as 6 per cent, a spokesman said. However, each college is free to determine how the increase is distributed.

Nearly Billion in Grants

The Ford Foundation said the funds would be distributed during the next 18 months. The record contribution brought to nearly one billion dollars the amount granted by the Ford Foundation since it was established in 1936 with profits made by the Ford Motor empire.

The record sum was broken down as follows:

\$210,000,000 for grants to 615 regionally accredited, privately supported liberal arts and science colleges and universities in the United States to help them raise teachers' salaries.

\$200,000,000 for approximately 3,500 privately supported hospitals to help them improve and extend their services to the public.

\$90,000,000 for privately supported medical schools to help them strengthen their instruction.

Specific grants for the medical schools have not yet been determined. The colleges and universities will receive variously from \$31,000 to \$5,000,000, while grants to hospitals range from \$10,000 to \$250,000 each.

Saline Baptists to Hold Mass Carol Sing Thursday

Saline Baptist association's second mass Carol sing will be on Thursday evening, Dec. 15.

This year the plan is to reach more people at home, therefore the association will be divided into five zone sings, each zone having its own project, social hour, choir and song leader. The zones are: Galatia, Mrs. M. Daugherty, Rev. W. A. Ward; New Shawneetown, Rev. W. Pady; Kenneth Upchurch; Carrier Mills, Raymond Allen; Rev. Olen Claid; Beulah Heights Mission, Mrs. Gill Montgomery and Rev. Cliff Burehett; and Harrisburg First Baptist, James Williams, Maynard Cannon.

Each sing will begin at 6:30 p. m. and at 8 p. m. those from the outlying zones are invited to join the Harrisburg party as they carol to the late shoppers. At 8:30 p. m. a warm-up period at the First Baptist will bring the youth together for games, and to conclude the evening the group will broadcast over WEBQ from 9:15 to 9:30.

Those participating are reminded to bring a flashlight, dress warmly and to pin on some jingling bells to add cheer.

Shuman Urges Soil Bank Program Coupled With Flexible Supports

CHICAGO (AP) — Charles B. Shuman, leader of 1,600,000 farmers, said today a soil bank could help fight slipping farm prices.

But he told the American Farm Bureau Federation he heads that the idea can also backfire and create even greater farm surpluses. The soil bank program must be coupled with flexible price supports, such as those backed by the Eisenhower administration, he said.

Shuman, a 48-year-old farmer from Sullivan, Ill., gave an accounting of his first year as president of the federation at its 37th annual meeting.

Expect Shuman's Re-election
He talked to 5,000 delegates, who

are expected to re-elect him Thursday and also approve some kind of soil bank proposal for 1956.

The soil bank approach has been growing in popularity as a method of cutting down price depressing farm surpluses.

It would return to grass those farm lands which are spilling out surpluses for the government to buy and store.

The Eisenhower administration has been reported considering the soil bank approach as a possible part of its new farm proposals to Congress.

Drops 28 Per Cent
Shuman said that total net farm income has declined about 28 per cent in the last five years.

An economist told the convention Monday it may go down another 5 per cent during 1956.

The nation is producing 15 per cent more than it can consume domestically, Shuman said, and surpluses are piling up at such a rate that the government will be holding 10 billion dollars worth by next March 1.

Shuman outlined a seven-point attack on the farm problems. The first job, he said, is "to encourage an orderly shrinkage in the agricultural plant," and the soil fertility bank idea can help in achieving that goal.

Warns of Danger
However, he warned "there is a real danger in the soil bank idea if those who would make it a very attractive payment type of plan should prevail."

"It could actually make the surplus situation in agriculture worse," Shuman said, "if it merely proves to be a means of pumping more federal money into our agricultural plant."

Flexible price supports are the second step, Shuman said. They must be coupled with the soil bank idea, he said, in order to eliminate "price fixing through price supports."

His third project calls for eliminating government-held surplus stocks. Shuman predicted the surplus could be wiped out in about five years, "if we stop the input into the stockpile."

Seeks Market Improvement
The most powerful monopoly that is today engaged in attempting to fix prices is the labor monopoly," he said. "We in agriculture are in favor of good wages for labor, but we resent the monopolistic tactics used by some labor groups and often encouraged by the government."

Congressman Gray Believes He Was Poisoned

WEST FRANKFORT, Ill. (AP) — U. S. Rep. Kenneth J. Gray (D-Ill.) said today he will ask the State Department to investigate the possibility that he was poisoned in Mexico last month.

The representative from Illinois' 25th District said "I'm positive in my own mind that a mysterious man slipped something into a cup of hot chocolate I ordered."

Gray said the man approached him in a Mexico City hotel and said he had a grievance against the United States. Gray said that when he returns to Washington next month he will ask Charles Nolan, a State Department assistant for Latin American affairs, to have the U. S. embassy in Mexico City check on the man Gray believes slipped something into his drink while Gray went to the hotel desk.

Gray said he was the first member of a congressional committee inspecting Pan-American highway work to arrive at the hotel. He said he waited to register with his group and he talked with the man because "he had a letter from a U. S. senator asking for more information about the alleged grievance."

The congressman said he became ill the following morning but later felt well enough to continue the trip. Three days later he was stricken with a stomach disorder in Guatemala and was flown to New Orleans for treatment.

Gray said that while at New Orleans he did not mention his suspicion that he was poisoned because "the newspapermen already were bothering me and I thought if I mentioned my suspicions they would bother me a lot more."

Dr. W. A. McKee Advises Fluoridation Of Water in Address to Rotarians
Dr. W. A. McKee of Benton was guest speaker at the Monday noon meeting of the Harrisburg Rotary club.

Dr. McKee, who graduated from St. Louis University dental school in 1905 and has been active in the dental profession since that time, told Rotarians and guests some of the history of dentistry; recommended the fluoridation of city water supplies and revealed there is a shortage of young dentists in the country and urged that more young men enter dental schools.

Dentistry is one of the oldest professions, relies of dentistry having been found that date before the time of Christ, the speaker stated. In the early days false teeth were made without taking impressions of the person's mouth. "The dentist just looked into the mouth and guessed as to how the plate should be made. They never fit," Dr. McKee said.

Impressable materials was a great help to dentists and the profession, Rotarians were told.

Dental schools now are closely regulated by the Council on Dental Education and graduates of schools not approved by the council are not allowed to appear before state examining boards, Dr. McKee said. He has served for

Gov't Approves New Hospital For Rosiclare

Congressman Kenneth J. Gray (D) West Frankfort, today announced that the U. S. Department of Health, Education and Welfare has just approved construction of a new Hardin County General hospital for Rosiclare, Ill. The new hospital will provide 25 new general beds. The total cost will be \$492,000.

The federal government will pay \$164,000 of the cost and the remainder to be divided by the State and county. Gray said that the cost estimates are preliminary and experience indicates that they may change by the time bids for construction are received. W. S. Skeels is president of the Hospital board.

Father Slits Babies' Throats, Kills His Wife
DALLAS, Tex. (AP) — A berserk ex-convict today killed his three children by cutting their throats and shooting them, murdered his estranged wife and gravely wounded her son-in-law.

Police Sgt. George Johns cornered the killer, Buford Calhoun, 32, in a drugstore telephone booth and shot it out with him.

Johns wounded Calhoun three or four times with his .38 caliber revolver, including one wound in the head, as Calhoun fired a .22 caliber pistol through the glass of the telephone booth but missed Johns.

The babies were 3-month-old twin girls, asleep in the same crib, and a 19-month-old boy, sleeping with his mother. An elder daughter escaped without injury.

Police inspector D. A. Lee said he had reports that Calhoun previously had threatened members of his family. A final hearing on a divorce action by Mrs. Calhoun was scheduled this Friday.

The twins were named Pamela Sue and Patricia Lou. The older baby, Bobby Lynn, was asleep with his mother, Mrs. Mary Calhoun, 33. The wounded man was John Warren, 19.

His wife, Shirley, 16, said she and her husband was asleep in the front bedroom of the five-room frame house in East Dallas and were awakened when they heard Mrs. Calhoun moving around. Shirley said she finally got up to see what was going on.

"When I went in both of them were coming out of the kitchen into her room," she said. "He had a pistol. Mother was screaming 'Shirley, help me.'"

Shirley was still so hysterical police could not get a complete story from her.

Mrs. Calhoun's father, James G. Apel, said Calhoun had threatened her once before.

Lee said Warren was shot when he tried to get his gun.

Dixon-Yates Files \$3,534,778 Suit Against AEC

WASHINGTON (AP) — The Dixon-Yates interests filed suit against the Atomic Energy Commission today to recover \$3,534,778 spent by the private utility combine on the canceled Dixon-Yates power contract.

The suit was filed in the U. S. Court of Claims here by attorney Daniel James, representing the Mississippi Valley Generating Co. That was the firm formed by the Dixon-Yates interests to carry out the controversial power contract.

The AEC, which once approved the contract, declared it invalid on Nov. 23 because of a possible violation of the conflict of interest law. It said it would make no cancellation payments.

The alleged conflict of interests, which the AEC claims made the contract illegal from the start, refers to the dual role played in the contract negotiations by Adolphe Wenzel. Wenzel served both as a consultant to the government on the contract, and as an executive of the First Boston Corp. which handled contract financial arrangements for the Dixon-Yates combine.

One effect of today's suit will be to force a court ruling on this question of the contract's validity. If the contract was valid, presumably the Dixon-Yates interests will be entitled to collect from the government to cover their expenses on it.

Mississippi Valley is owned by the Southern Co. and the Middle South Utilities Co. E. H. Dixon is president of Middle South as well as Mississippi Valley. E. A. Yates is chairman of Southern Co.

The combine was to have built a \$167,250,000 power plant at West Memphis, Ark., to supply power to the Tennessee Valley Authority to replace TVA power being supplied to AEC plants.

Muddy Votes 53-0 To Incorporate

In a special election held Monday citizens of Muddy voted 53-0 to incorporate the area into a village.

A petition was filed in Saline county court Tuesday, Nov. 22, requesting a special election be ordered and the petition was found to be in order and the election ordered by County Judge Trafton Dennis.

A total of 53 ballots were cast, it is said, with 53 voting in favor of incorporation and two were spoiled.

The polling place was the Venice club building.

Turncoat Richard Tenneson is Freed by Reds

HONG KONG (AP) — Richard R. Tenneson, 22, crossed into Hong Kong today from Communist China and said he turned his back on the United States because his stepfather "used to beat and whip me" back in Alden, Minn.

The one-time private first class in the U. S. Army said he also chose Communism because he disagreed with Army policies and because he believed "a bunch of American Generals" practiced germ warfare during the Korean war.

Tenneson was one of 23 U. S. soldiers who were captured by the Chinese Communists during the Korean war and declined to return home when the fighting ended. Two changed their minds before the turncoats went to Red China. One died in Red China. Three changed their minds last July.

Tenneson said he had seen the remaining turncoats recently and "I guess they all will come back sometime." But he brought out a message from former Pvt. James G. Veneris of Hawthorne, Calif., that "I'll be in China another 15 years."

Has Chinese Mannerisms
Peiping announced that Tenneson would be released on Nov. 30 but instead he became a pawn in the cold war. The Communists, in their drive for world recognition, would release him only to an American official and none could take him then.

Today he was "accepted" by American Red Cross Representative Richard Toman who was with British Representative Margaret Strathie. U. S. Consul S. M. Backe interviewed Tenneson briefly and said the turncoat was still an American citizen.

Tenneson was wearing a dark brown flannel suit and black shoes and carried a brown leather suitcase. He boasted that the Chinese let him pick out the suit himself and that they paid for it. He had adopted Chinese mannerisms and he smoked Chinese cigarettes.

American authorities placed him in a third class Hong Kong hotel until he leaves Thursday. He is expected to fly to Tokyo for a one-hour stopover Thursday and board a Northwest Airlines plane for Seattle.

Mother Talks to Returned Son by Transpacific Phone
ALDEN, Minn. (AP) — Mrs. Portia Howe, mother of American turncoat Richard Tenneson, talked to her son on transpacific telephone today hours after he left Red China for free Hong Kong and said he "sounded very wonderful."

"It's been almost five years since I last saw or talked with my son and you can't imagine the thrill it was to hear his voice again," she said.

Tenneson told Mrs. Howe he would arrive in Minneapolis Friday at 8 a. m. and told her to be "sure and meet me."

"Richard sounded older, more mature, and his diction was different," Mrs. Howe said. "It probably comes from speaking Chinese."

Tenneson also spoke to his half-brother, Nathan, and half-sister, Jan, 12-year-old twins.

Mrs. Howe said she asked her son about reports that he blamed his defection to communism partly on whippings he received as a child from his step-father, Eb Howe.

"Richard denied saying the whippings he received caused him to turn to communism," she said. "He said he was punished and as a child he resented it, but that it had nothing to do with staying with his Communist captors."

Caused Crisis Last Year by Flight to Reds

Wife Mysteriously Disappears from London Apartment

BONN, Germany (AP) — Dr. Otto John, former head of West German security, returned to the West today under circumstances as mysterious as his original flight to communism 17 months ago.

John fled across the "little Iron Curtain" sector border in Berlin Monday and surrendered to West Berlin authorities. Monday night he was flown to Bonn and handed over to intelligence agents in such secrecy as to cast doubt whether his role remained that of traitor or master spy.

Just as mysteriously, his wife disappeared from her London apartment. A maid said she left at 11 a. m. Monday without indicating her destination. London sources said she may have been forewarned of her husband's return and had gone to join him.

The 46-year-old John plunged the Allied world into crisis when he went over to the East German Reds in July, 1954. It was feared he might betray Western intelligence secrets to the Communists.

Reasons Not Known
The reasons for his return flight were not known immediately.

Chancellor Konrad Adenauer, informed of John's return, said he had been driven hard by fear of his fate at the hands of the East Zone Reds with whom he sought asylum on July 20, 1954.

But speculation mounted—though without official support in Bonn—that perhaps he had been sent deliberately by the Bonn government to the Soviet Zone as a fake political refugee in one of the most daring "inside jobs" in the history of espionage and that now he had returned loaded with the Reds' innermost secrets learned during his months behind the Iron Curtain.

American officials in Washington said John's return should give the West important propaganda ammunition in the East-West cold war struggle. Both the Central Intelligence Agency and State Department, however, refused to comment officially on his return.

Bonn intelligence agents began grilling him this morning.

The West Berlin government's announcement said John got in touch with friends there "some time ago." He told them he wished to return to the West. British sources said this contact was made about 10 days ago.

The announcement said that when he reached West Berlin Monday, he got in touch with these friends. They were not identified.

The square-jawed spy specialist who once helped plot the death of Adolf Hitler in the abortive bomb plot of 1944 entered the Soviet Zone of Berlin, in July, 1954, and stayed soon afterwards the trip was of his own free will.

The Washington Merry-Go-Round

By DREW PEARSON

DREW PEARSON Says:
Taftites Will Force Showdown
On Ike Decision; Suspect Dewey
Strategy in Delayed Medi-
cal Report; Democratic Lead-
ers Burn Over Ike's Ouster Of
Democratic Commissioner.

WASHINGTON. — The long-
concealed irritation of Taft Re-
publicans over the delayed deci-
sion on Ike's ability to run again,
is now coming out into the open.

It first cropped out when strong
Taftites like Congressman Carroll
Reece of Tennessee and Walter
Hallanan of West Virginia stayed
away from Len Hall's GOP rally
in Chicago. It became even more
evident when Senator Bill Know-
land of California, who inherited
Taft's shoes in the Senate, stepped
out of a Gettysburg conference
with Ike to say he was not at all
sure the President would run
again.

Now it's definite that Knowland,
acknowledged leader of the old
Taft forces, will run for President
himself if Ike doesn't announce
by Feb. 1.

Behind all this are two convic-
tions on the part of many Repub-
licans:

1. That a political party is like
a ball team. Its strength depends
on farm teams and their develop-
ment of young players. Republi-
cans saw the Democrats suffer
from lack of young talent during
the years of Roosevelt; now they
see the Republicans failing to de-
velop young leaders because of too
much concentration on one man.

2. There is still a strong resent-
ment against ex-Gov. Tom Dewey
and a conviction that he is trying
to control the next nomination.

DEWEY SURROUNDS IKE

Dewey has always been one of
the most powerful men inside the
Eisenhower administration, even
though not in Washington. His old
press secretary, Jim Hagerly, is
now one of the men closest to Eis-
enhower. His former campaign
manager, Herbert Brownell, is
now one of the cabinet members
closest to Ike. And it was Dewey
who picked two other members of
the cabinet, Secretary of State
Dulles, and Secretary of Labor
Mitchell—though they have largely
kept out of politics. Finally, it
was Dewey who picked the GOP
national chairman, Len Hall.

This alone makes the Taft wing
of the party sore. But on top of
that they see Eisenhower's medi-
cal report postponed until Feb-
ruary or March when it will be
late for them to develop candi-
dates and when the Dewey crowd
can more easily slip one of its
men, possibly Tom Dewey, him-
self, into the nomination.

This is behind the slow burn in
one wing of the GOP, and why Bill
Knowland, whose candid honesty
everyone admires, no matter how
much they may disagree, has
called for a showdown on whether
the will run.

BATTLE OF AIRWAYS

Such top Democrats as Speaker
Sam Rayburn of Texas and Sena-
tor Mike Monroney of Oklahoma
came back to Washington for the
"bipartisan" conferences with
Ike in their eye.

Chief reason for the blood was
the manner in which General Eis-
enhower has talked about a bi-
partisan approach and then a
strictly partisan tack. Specifi-
cally, they are sore over the way
Democratic posts on various quasi-
judicial agencies have been filled
by "Republicanists." Under the law
they must be filled by the oppo-
site political party, but most of
them vote with the administra-
tion.

What raised the hackles on
Democratic leaders' backs is the
firing of Josh Lee from the Civil
Aeronautics Board after many
years of faithful service. Lee, a
Democrat, served with Sam Ray-

burn in the House of Representa-
tives and later in the Senate from
Oklahoma. His chief trouble is
that he has long fought against the
big two of the air—Pan American
Airways and American Airlines.
Democratic leaders got irritated
last summer when Senator Jim
Mead of New York, a Democrat,
was ousted from a place on the
Federal Trade Commission sup-
posed to be held by a Democrat.
Now that another Democratic ex-
 Senator, Josh Lee, is ousted, they
are doing a slow burn.

Russian Bishop Roars as Beard Caught in Plane

OTTAWA. — Archbishop
Boris, a visiting Russian church
leader, got his beard caught in an
airplane seat strap Monday night
and couldn't get it free.

It took the combined efforts of
an airline passenger agent, a
stewardess, two Russian aides and
the archbishop to extricate his lux-
urious, 18-inch whiskers from the
oversized strap used to tie him
into his two seats on the plane.

Boris, who represents the Mos-
cow patriarch in America and
came here as a guest of the United
Church of Canada, had his trou-
bles from the moment he squeezed
through the door of a DC3 airliner
taking him to Toronto.

DC3s aren't the roomiest of
planes, and their seats are built
for people of normal proportions.
But the archbishop from Moscow
is slightly larger than normal. He
weighs about 300 pounds.

So airline officials had to make
room. They folded away an arm
rest and gave him two seats. But
that brought a problem. Seat
belts are designed to go around
single girths and hook on to single
seats.

Someone tried to tie two belts
together for the archbishop, but
they couldn't quite meet in the
middle. After considerable head-
scratching, an airline employee
found an old cargo strap. It fit,
and Boris was almost secured for
the flight.

But at that moment, Boris turned
his head. His flowing grey-black
beard was caught — under the
strap.

Boris let out an unchurchman-
like roar.

The airline people paled. The
other passengers craned to see,
and some, it was reported, roared
with laughter.

All except Boris' two church as-
sociates. They jumped to the res-
cue, and in a mumble-jumble of
unintelligible Russian told the
archbishop to take it easy while
they yanked his beard free by
handfuls.

Boris kept up a running com-
mentary in Russian. Unfortunately,
only he and the other Russians
knew what he was saying, but he

Film Has Personal Attraction For Delmas Miley

"The Girl in the Red Velvet
Swing," showing at the Grand
theatre, has a nostalgic attraction
for graying grandfathers who
could scarcely wait for the latest
news back in 1907 when the Harry
K. Thaw murder trial was on all
front pages.

For Delmas Miley of this city,
who was born in 1907, it also had
a special attraction for Delmas was
named in honor of the famous law-
yer Delphin M. Delmas, attorney
defending Thaw. As he was grow-
ing up he (Delmas Miley) became
friends with the late Jerome Hen-
derson of Carrier Mills and learned
that Jerome was named in
honor of the lawyer opposing Del-
phin M. Delmas.

Delmas Miley attended the mov-
ie Sunday and was enchanted with
the story and hearing the actors
pronounce his own name and that
of his late friend from Carrier
Mills.

Science Shrinks Piles New Way Without Surgery

**Finds Healing Substance That Does Both—
Relieves Pain—Shrinks Hemorrhoids**

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne*)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H.* At your druggist. Money back guarantee. *Reg. U. S. Pat. Off.

Both Premiers "Deplored" Red China's Lack of Membership in the United Nations

NEW DELHI (CP)—India and Russia today jointly called for high-level peace talks between the United States and Communist China.

Treasury Permits Deductions for GW Payments

DETROIT—A plan granting guaranteed wage payments to laid-off auto workers had only one more hurdle to clear today before taking effect.

A ruling by the U. S. Treasury Department Monday permits manufacturers to deduct unemployment benefit trust fund contributions as business expenses for income tax purposes.

The ruling will apply to all manufacturers who included a guaranteed wage provision in new contracts negotiated this year with the CIO United Auto Workers.

Why settle for less when Mountain-Grown Folger's gives you MORE FLAVOR PER CUP

Folger's skillful blending and roasting of nature's most
flavorful coffees makes the difference!

Folger's, you see, starts with only the choicest coffees... Mountain-Grown coffees that are naturally richer, heartier, more flavorful.

They blend and prepare these finer coffees in an unique way, with their century-old Folger "touch" that produces not only a richer flavor, but a truly distinctive flavor no other coffee can match. And because Folger's blends to a flavor,

not to a formula, you can be sure of the same rewarding goodness cup after cup, day after day.

Why not serve your family the one coffee that over the years has been specially made to give you more flavor, more coffee satisfaction in every cup. Serve them Mountain-Grown Folger's. We think that once you've tried Folger's, you'll never be satisfied with anything less.

Youth Faces Death Or Life Sentence For Slaying Girl

CHICAGO (AP)—Clarence Baugh, 18, faced death or life in prison today for the mutilation-murder of an 8-year-old girl.

Criminal Court Judge Daniel A. Roberts ruled the Negro youth guilty Monday after hearing the case without a jury.

He said he believed Baugh's repudiated confession that he seized little Mary Manzo as she walked from a drugstore to her South Side home last July 4th.

The judge also expressed conviction that Baugh dragged the girl to a shed, attacked and killed her, and later dumped her body under a litter-strewn viaduct.

Asst. State's Atty. Jay A. Schiller Jr. followed up Roberts' ruling by saying he would demand the death penalty or 199 years in prison. The judge set Dec. 28 for ruling on Schiller's demand and defense moves for a new trial.

San Francisco Maintains Top Cage Rating; Kentucky Slumps to Sixth Place

NEW YORK — San Francisco maintained its overwhelming lead as the nation's No. 1 college basketball team today, but unheralded Temple's weekend upset dropped the powerful Kentucky Wildcats to the lowest spot they ever have held in the United Press ratings.

While San Francisco received first-place ballots from 32 of the 35 leading coaches who make up the United Press rating board, Kentucky dropped to sixth place, giving Utah an opportunity to move into the runnerup spot.

Never since the United Press ratings were begun in 1950 have Coach Adolph Rupp's Wildcats been slotted so low in any weekly rankings. In winning the national championship in 1950-51 and 1951-52 and finishing runnerup in 1953-54 and last season, Kentucky never was picked lower than third during the course of a campaign. Kentucky did not compete in basketball during the 1952-53 season.

Temple Spoils Record
However, Temple's 73-61 victory over the Wildcats' home court at Lexington, Ky., marred this record. The triumph also advanced the Owls, who have a 3-0 record, to the No. 17 rankings.

Behind runnerup Utah in this week's ratings came North Carolina State, Iowa and Dayton. Alabama, the lone newcomer in the top ten, ranked No. 7 behind Kentucky, with Duquesne, Brigham Young and Holy Cross completing the select group in that order.

Utah, Iowa and St. Louis, which tied for 14th place, each received one first-place ballot. Of the three coaches who did not vote for San Francisco, two picked the West Coast Dons second and one voted them fifth. Coach Phil Woolpert's team thus received 344 of a possible total of 350 points.

Alabama, a new national power which may challenge Kentucky for Southeastern Conference honors

Utah advanced two notches to second place; Dayton moved up one place to No. 5, while Brigham Young and Holy Cross exchanged the rankings they had last week.

On a 10-9-8-7-6-5-4-3-2-1 point basis for votes from first to 10th places, Utah attracted a total of 245 points—99 less than San Francisco.

North Carolina State had 238 points, Iowa 215, Dayton 114 and Kentucky 95. There was a close three-team race for seventh place, Alabama receiving 86 points to 83 for Duquesne and 82 for Brigham Young. Holy Cross had 60.

San Francisco may run into trouble this week at the DePaul tournament at Chicago. The Dons play 13th-ranked Marquette in the opener, Friday night, and if successful, meet the winner of the Duquesne-DePaul game.

Behind Illinois in the second 10 group came Kansas and Marquette. St. Louis was tied with Indiana for 14th place, followed in order by George Washington, Temple, Cincinnati, Louisville and UCLA.

Iowa Stunned, 60-57; St. Louis Beats Indiana

By United Press
Iowa, Big Ten title favorite and ranked fourth among all the nation's teams, went crashing from the unbeaten ranks today as the result of the second biggest upset of the college basketball season.

Colorado, defending Big Seven champ but overlooked in pre-season dope sheets because graduation claimed four starters, played host to the Hawkeyes Monday night at Boulder, Colo., and handed them a stunning 60-57 defeat.

The surprise is topped this season only by Kentucky's loss to Temple last Saturday night—and Kentucky narrowly averted another upset Monday night by nipping DePaul, 71-69.

Colorado handed Iowa a 75-74 thrashing during last season's NCAA tournament, but things were supposed to be different now. And it seemed they were as Iowa seized a 33-31 halftime lead. But Colorado surged to a 54-48 lead midway in the second half before an Iowa rally led by Bill Seaberg narrowed the gap to 57-56 with 26 seconds left.

Scores on Rebound
With 11 seconds remaining, Bill Peterson of the Buffaloes sank a free throw to make it 58-56. He missed the second shot but George Hannich, Colorado's six-seven center, rocketed in to slap in the rebound for a clinching basket.

Kentucky came within a whisker of taking a second beating within 10 minutes. The Wildcats trailed DePaul through most of the second half, but were even at 69-69 when forward Jerry Bird scored the winning basket with only six seconds to play.

Unbeaten St. Louis and unbeaten Indiana, tied for the No. 14 national ranking, clashed at Bloomington, Ind., and St. Louis won convincingly, 86-75.

Top Scoring Star
Robin Freeman, Ohio State's five-11 guard, was Monday night's top scoring star. He tallied 40 points on 12 baskets and 16 free throws to lead an 89-69 rout of Oklahoma.

In other leading games Monday night: Southern Methodist took a 75-62 victory over Wisconsin; Wake Forest took an 82-60 Atlantic Coast Conference game from Virginia; Drake downed Kansas State, 70-64; Boston College nipped Rhode Island, 75-72; St. Joseph's (Pa.) trounced Penn Military, 96-53; Miami (Fla.) edged Loyola (La.), 83-82; Rice routed Louisiana State, 85-60; Wichita ripped Nebraska, 71-46; Oklahoma A&M downed Baylor, 59-48; and Texas A&M beat Tulane, 85-66.

Pinckneyville Tops Ratings Of Prep Teams

SPRINGFIELD — Pinckneyville's Panthers, who have gained three easy victories using Coach Merrill (Duster) Thomas' new "rushing" offense, today headed the first United Press coaches board ratings of Illinois high school basketball teams.

The Pincks had a big lead over Rockford West, 1955 state champions, who have been hurt to date by having their 6-foot, 7-inch center, John Wessels, benched for two games in compiling a 3-1 mark. With Wessels back, the Warriors will now have a chance to show whether they are still of championship caliber.

The United Press ratings are compiled from votes by the 15 coaches who took downstate teams to the "Sweet 16" state finals last season.

The third-ranked team was the unbeaten Galesburg Silver Streaks, one of three teams to get first-place votes in addition to Pinckneyville and Rockford West. The other teams given first-place votes were Centralia, ranked fourth, and Collinsville, ranked 11th, and both also unbeaten.

Herrin Ties for 15th
Quincy, which dropped an opening decision to unbeaten Peoria Limestone, then beat four strong foes, was rated fifth. Unbeaten Lincoln was sixth. Elgin, trounced by Peoria with a 5-0 mark, were tied for seventh.

The coaches, despite Moline's two losses in six tries, rated the Maroons, victors over Rockford West, as the ninth-best team. Park Forest Rich, with 4-1 and lots of potential from its height, was ranked 10th. Rockford East, unbeaten in four tries was 12th, followed by Sterling, upset by Dixon, for its only loss.

Peoria Limestone, a newcomer among basketball powers, was 14th, with a tie for the last spot between unbeaten Evanston and Herrin.

The voting in the first ratings was widely scattered, with many teams mentioned:

Now that Ionus Wagner has become a lasting memory and a growing legend, The Sporting News, in a full-length article, recalls some of his great exploits. Wagner made fabulous marks as a hitter, and it made no difference whether the pitcher was a right-hander or a left-hander. Against Amos Rusie, the Giant speedball ace of the 90's, he hit .524. Against the Giants' Christy Mathewson, his mark was .324. And against Nap Rucker, Dodger crack southpaw, he hit .356.

Find Wreckage Of U.S. Plane in North Morocco

RABAT, Morocco (AP)—A Spanish search party today found the wreckage of a U. S. Air Force C54 plane in the Rif Mountains of northern Morocco and the bodies of all eight persons aboard.

The four engine transport plane crashed Monday night near Ketama, an isolated village in the Spanish zone.

A Spanish military patrol located the wreckage. It reported to the headquarters of the 17th U. S. Air Force Division here that there were no survivors.

The plane went down while on the way from the United States to Wheelus Air Force Base at Tripoli, Libya.

There was no immediate explanation as to why it crashed.

It had made radio checks with Gibraltar and Tangier and was flying at a steady 10,000 feet. Casablanca Radio first reported the plane missing.

Two heavy trucks and two ambulances of the 17th Air Force Division left Rabat for Ketama after the first report of the crash reached here Monday night.

American authorities said the wreck lay on a nearly inaccessible slope high in the rugged Rif Mountains, whose peaks are blanketed by the year's first snow.

Ike Appeals to Democrats to Support Policy

Expresses Gratitude For Bipartisanship Shown in Congress

WASHINGTON (AP)—President Eisenhower urged Democratic congressional leaders today to support a national security program which was revealed to include an expanded \$35,200,000,000 military budget.

Mr. Eisenhower also appealed for Democratic and Republican backing of the administration's foreign policy program, including \$2,670,000,000 in foreign aid spending and a stepped up overseas information program.

Mr. Eisenhower made the plea during a 2-hour and 40-minute conference with Republican and Democratic congressional leaders on the defense and foreign policy programs the administration will submit to Congress in January.

Cite Ike's Leadership

Mr. Eisenhower, in a frank bid for bipartisan support, expressed his "very real gratitude" to the leaders on both sides of the aisle "for the very great contribution they have made and are making to true bipartisanship."

It was the President's first meeting with Democratic congressional leaders since his Sept. 24 heart

attack. He had an all-day meeting Monday with GOP leaders. Rep. Clarence Cannon (D-Mo.) said "all of us were agreeably surprised to note the alert leadership of the President in this conference."

Conferees reported afterwards that Mr. Eisenhower said the basic objectives of the expanded military program are to avert disaster in case of attack and to retaliate immediately.

On the whole, however, the tone of the meeting was optimistic, congressional leaders said. They said there was no indication of any imminent threat of war, although Mr. Eisenhower expressed disappointment over the failure of the recent Big Four foreign ministers conference at Geneva.

The estimate of \$35,200,000,000 in defense spending for the fiscal year starting next July 1 was given by Defense Secretary Charles E. Wilson and occasioned some surprise. Wilson had said last week after a Cabinet meeting that defense spending would be about the same as this year—\$34,500,000,000.

House Republican Leader Joseph W. Martin Jr. of Massachusetts said the conference was devoted entirely to foreign affairs and defense. He said the possibility of a tax cut next year was not discussed.

Secretary of State John Foster Dulles, in his report to the meeting, placed special emphasis on the need for continued foreign economic aid, in view of stepped-up Soviet efforts in this field in Southeast Asia and the Middle East.

Mr. Eisenhower returned to his office briefly after the meeting, then planned a mid-day rest before leaving by plane for his farm at Gettysburg, Pa.

Portland, Ore., Woman Named 'Cook of Year'

NEW YORK (AP)—Mrs. Henry Jorgensen, wife of a Portland, Ore., city employee, won \$25,000 today as the "cook of the year" in the seventh annual Pillsbury bake-off.

Mrs. Jorgensen won over 99 other contestants. She baked a simple nut-filled roll named "ring-a-lings." She was handed the prize check by opera singer Helen Trauble at a lunch at the Waldorf Astoria Hotel, where the 100 contestants Monday baked their special recipes.

Mrs. Jorgensen, who has entered recipes in the six other Pillsbury bake-offs without even reaching the finals, is the mother of an 18-year-old son and plans to use her winnings to send him to "a large university."

The recipe, which came from Mrs. Jorgensen's mother, was developed to use an Oregon product—filbert nuts. Judges of the contest said her recipe demonstrated a simple way for the average housewife to produce a sweet roll of professional appearance.

The contestants also won a General Electric pastel range, an electric mixer and their trip to New York City.
